Just had to say this... Just an observation from an outsider... When I arrived at the dock that day, Michele seemed "anxious" and somewhat a little irritated taking care of the business end of the plane and its trip... getting the passengers in and taking care of (in a hurried manner) the details of weight, fuel, etc. All the things all pilots go though. I got the "impression" she was "bothered" to take us up at first. I was wrong... As soon as we got in her element...

nature... the beautiful mountains and lakes of Ketchikan area, she was a different person. Totally!!! You could see the joy and passion she had about "her country". Her beautiful country she wanted to share with us. She was in love and you could

see it in her eyes and here it in her voice. She thought it was a place she wanted us to embrace, and embrace we did. She loves what she does so much and I felt that love like I had a "Halo" in the movie... Avatar. The connection with nature and all the trees and animals. She was in her element and therefore, so were we. That what makes her such a great pilot. She envelopes a love and a passion after that professionalism and taking care of business prior to going up, and it exudes from every pore of her body. She is a passionate woman and I am proud to have met such a woman. I am glad she changed her attitude and she did so well. She is a gem in the sky and I am proud to have been a part of her world. I love it. She is the best!!! Here are 2 shots I took up there in "her land" and did some tweaking. Hope she enjoys them.

Thank you for what surely was the most spectacular of my Alaska adventures. My 1<sup>st</sup> voyage into that quiet ancient place the "Misty Fjords". It was unforgettable – I can remember the coolness of the Lake, the intense color of the small melted ice puddles scattered about on the cliffs and the sheer depths of the canyons – Oh thank you – thank you! Hi there Michelle...

7/4/01

This is to thank you and your organization for the great time we had as we flew with you over Misty Fjords on that beautiful day in June. We thoroughly enjoyed the experience and you added so much with your skill, your great information and your sense of fun. Our experience on another flight later in our travels pointed out even more how good you are at what you do. Thanks for a great job.

We can't stop talking about our Misty Fjord flight with you last Saturday morning! It was the highlight of a flawless trip! ... Thank you again, John and Martha

Michelle –

My wife and I want to thank you for the trip into Misty Fjords on July 14<sup>th</sup> 2000. It was the highlight of our Alaskan cruise. I will long remember setting on the time island in pristine wilderness where the only sounds were the rushing distant waterfalls and the far off cry of a bird. The views in the flight were exhilarating. It was good to be in the hands of such an expert pilot whose knowledge as a naturalist added more than we could anticipate.

Our flight on Tuesday was just great!! The magnificence of the country literally took my breath away. I must admit that after flying for over 50 years, your kind of flying is something I have never experienced before. Tight turns in narrow Canyons have never been on my agenda. It was a real thrill and your competence most appreciated....Thanks for a most memorable experience.

Sincerely, Chuck M.

Michelle,

I want to thank you for the wonderful trip, the special tour, the afternoon spent with you. It was great actually it exceeded my expectations for the trip, you the plane and of Alaska in general.

Anne and Don

Hi Michelle...

Thanks again for the awesome and memorable flight up to Misty Fjords. The flight and the hike were real highlights on our trip to Alaska. Will and I got home safely after an amazing week of whales, bears, moose, mountains and perfect weather. Will and I decided that it must not rain all that much up there after all, you guys just tell tourists that so there won't be eleven cruise ships at the dock every day....We hope you are well!

Dear Michelle...

Many thanks for the flight charters this past September...I thoroughly enjoyed the fishing fly out and later sightseeing flight to Misty Fjords...As a pilot myself, I was very impressed by your technical skills and prowess as a pilot. Your detailed knowledge of the area was equally impressive. We had a great trip kayaking, hiking, and fishing which was enhanced considerably by the fun we had flying with you.

Just a note of thanks again for the great flight that you took my son and I on last week to the Misty Fjords. The scenery was breathtaking, and a terrific memory from the perspective of my office in the San Francisco Financial District....Best regards and thanks again for a great flight! I will be sure to send anyone heading up to Alaska to you for the flight of a lifetime!!

Richard S.

Michelle,

We are still talking and wondering over the wonderful flight with you last Saturday over the mountains and fjords into your awesome lake. Far and away the best part of our trip. Hope to do it again someday.

Dear Michelle..

Words cannot express our appreciation at the experience you have given us. It wasn't only the Misty Fjords it was you...the day, nature and people and machine combining in one spiritual experience not to be forgotten...in fact it is unforgettable! I only wish it would have gone on and on. The tranquility blew me away! ... Just wanted to express our heartfelt thanks for your expertise - for being who you are. More power to you always to provide the means for people like us land lubbers to experience the awe the grandeur of the place that by it's very nature beckons and instills peace. Sure puts the world into perspective.
